Description

Created [attachment 34](#) [\[details\]](#)
Odd formatted email submitted scuccessfully

- 1) Go to <http://nshsf.org/>
- 2) Click on CONTACT US, towards the upper right corner of the page.
- 3) In the user information text fields, the EMAIL can be entered in any odd format and gets accepted.

It floods the inbox with junk mails and also makes it easier to crash the server/website.

EXPECTED RESULT:
User has to be able to enter a valid email address only to be able to SUBMIT.

ACTUAL RESULT:
User can enter any odd formatted email and SUBMIT successfully.

Please look into the attachment below.

Comment 2

Hi Prof.Pumphrey, bug no. 36(Resume Smarts) is different from bug no.63(NSHSF) since they are created for different websites.

I should have been a bit more clear and specific on the Summary for easy differentiation among the bugs. I'll try editing the bug's Summary for easy

identification of this difference.
Sorry for the confusion.
